Who is IDC Metri?

Part of IDC, a premier global provider of market intelligence, advisory services and events for the information technology, telecommunications and consumer technology markets, IDC Metri brings market driven consulting solutions to modern technology challenges.

IDC Metri advises organizations on how to harvest value from their IT function. IDC Metri provides objective, data-driven guidance that drives action to improve efficiency and effectiveness. This includes serving buyers and suppliers by validating IT budgets and benchmarking to the market, improving performance and effectiveness and costs for development, cloud and cloud migrations, organization staff, and maturity.

The IDC Metri Advantage

Get the full value of your IT function by maximizing IT budget planning, lowering technical debt and speeding time to market

Empower innovation and drive business value creation

Act confidently with tools and data that drive scenario planning and business case analysis

Decide based on quantitative insights from our extensive database and industry-leading experts

Real-world benchmarking data across geographies and industries

What Our Clients Say

"If you look at pricing, contract terms and relationship management, IDC Metri plays a bit of the role of an objective referee."

Marcel Krom,
Former CIO, PostNL

"Unlike other consultants, IDC Metri was very to-the-point, pointed and sharp in its analyses. That was exactly what we were looking for."

Robert Pijselman,
Board Chairman at multiple B2B organizations
